

- Road marking chevron pattern to be applied where section of island has been removed and replaced with road finish.
- Road marking extended to new granite set edging.
- Dashed lines indicate existing granite set edging - for comparison.
- Proposed granite set edging 200mm x 100mm x 100mm forming an arc, 1880mm radius, fixed at an incline no steeper than 1 in 12 (5 degrees). Height of outer edge to be between 6mm and 10mm above adjacent road level.
- Additional topsoil to form an even mound between outer granite sets and base of road sign planted with grass seed.
- Proposed granite set edging 200mm x 100mm x 100mm forming an arc, 3880mm radius, fixed at an incline no steeper than 1 in 12 (5 degrees). Height of outer edge to be between 6mm and 10mm above adjacent road level.
- Road marking extended to new granite set edging.
- Road marking chevron pattern to be applied where section of island has been removed and replaced with road finish.

THIS DRAWING IS SUFFICIENTLY ACCURATE FOR HIGHWAYS APPLICATION
